In the game between the Bandera and Hondo teams, played on the local diamond last Friday, the visitors defeated the game by a score of 5 to 1. Will Earnest went to Bandera some two weeks ago to learn the first principles of the printing game in the Bandera New Era office preparatory to entering the Linotype training school at New Orleans later on in the summer. He hopes to acquire a sufficient knowledge of this intricate machine to enable him to work his way through college. This is indeed a commendable ambition and the young man's friends wish him a full realization of his hopes.

Prof. W. N. Saathoff and daughter, Miss Irene, returned home last Friday, about mid-night from Georgetown where the professor had gone for the dual purpose of attending the Golden Jubilee of his Alma Mater, the Southwestern University, and to bring his daughter home who had completed her course in that institution of learning. Prof. Saathoff says he had the time of his life meeting and renewing friendships made during his period at the University. He says he was constantly being hailed by the nick-names given him by fellow students who composed the classes while he was a member of the student body. Miss Irene returned home with the coveted degree of B. M. in violin in her possession, the reward of work well and conscientiously done and which marks an epoch in her life that time can never efface. Naturally gifted this young lady has applied herself assiduously to her favorite study and is today the peer of any musician in West Texas. Miss Irene's friends offer congratulations on her accomplishments.

Postmaster and Mrs. Alfred M. Finger and little son Melvin, and Mr. and Mrs. Chas. Finger, hied themselves to the chapparral Monday and are somewhere camped in the umbrageous shade of a scrubby mesquite. They are whiling away time in drowning fishworms and other bait in an effort to provide themselves with the necessary food to keep a famine away from camp. They purpose being gone all this week and perhaps part of next. Of course the fish are enjoying the outing as much as are the Fingers, as they do not have to depend on their own efforts for their daily meals—they merely take it from the fishermen. During the absence of Postmaster Finger, Frank Finger is helping out in the Postoffice.

LOUIS FRANGER.

Our entire community was shocked  
when the news reached here early  
Monday morning that Louis Franger  
died at the Kinney Sanitarium in San  
Antonio at 12:15 A. M. Monday,  
June 4th, 1923.

Deceased was taken to the Hos-  
pital Monday, May 28th, 1923, where  
he underwent an operation for appen-  
dicitis and was recovering nicely from  
the operation when complications set  
in about Thursday and kept getting  
weaker until at Midnight Sunday he  
passed away surrounded by his near  
and dear relatives.

He was born in this county on Jan-  
uary 18th, 1889, and was therefore  
34 years, 4 months and 16 days old at  
the time of his demise. He was mar-  
ried to Miss Hildegard Mechler on  
October 15th, 1919, in St. Mary's  
Catholic Church at LaCoste.

Besides his wife and 10 months old  
son, he is survived by 4 brothers and  
one sister; i. e., Henry of D'Hanis,

Army of Occupation until May 1919.  
He was discharged from Camp Travis  
June 17, 1919, from the Field Hos-  
pital Co. No. 360, of which company  
he was a member during his entire  
service.

His body was shipped to LaCoste  
Monday noon, from where after a  
Requiem High Mass it was laid to  
rest in St. Mary's Catholic Cemetery

the home of her parents, Mr. and Mrs.  
Henry Salzmman. The evening was  
pleasantly spent in playing bunco at  
which Bessie Bippert won 1st prize  
and Irvin Conrad the booby. The  
prize for throwing the most buncos  
went to Octavia Keller, and the guess-  
ing prize to Thomas Frey. Punch  
and cake were served.

Every now and then I read in the  
daily papers that in Medina county  
a monster honey crop is being har-  
vested. The fact is that absolutely  
no honey is in sight except what had  
been brought in from the State of  
Wyoming and that sells for 15 cents  
per pound wholesale.

**Catarrhal Deafness Cannot Be Cur-**  
by local applications as they cannot reach  
the diseased portion of the ear. There  
is only one way to cure Catarrhal Deaf-  
ness and that is by a constitutional re-  
medy. HALL'S CATARRH MEDICINE ac-  
tually enters the blood and cleanses the  
system. Catarrhal Deafness is  
caused by an inflamed condition of the  
mucous lining of the Eustachian Tube.  
When this tube is inflamed you have  
rumbling sound or imperfect hearing, and  
when it is entirely closed, Deafness is the  
result. Unless the inflammation can be re-  
duced and this tube restored to its nor-  
mal condition, hearing may be destroyed  
forever. Many cases of Deafness are  
caused by Catarrh, which is an inflamed  
condition of the Mucous Surfaces.  
ONE HUNDRED DOLLARS for any  
case of Catarrhal Deafness that cannot  
be cured by HALL'S CATARRH  
MEDICINE.

### No Worms in a Healthy Child

All children troubled with Worms have an un-  
healthy color, which indicates poor blood, and as a  
rule, there is more or less stomach disturbance.  
GROVE'S TASTELESS CHILL TONIC given regu-  
larly for two or three weeks will enrich the blood,  
improve the digestion, and act as a general strength-  
ening Tonic to the whole system. Nature will then  
throw off or dispel the worms, and the child will be  
in perfect health. Pleasant to take. 75c per bottle.

### Colds Cause Grip and Influenza

## A SAFE TEST

For those who are in need of a  
remedy for kidney troubles and back-  
ache, it is a good plan to try Doan's  
Kidney Pills. They are strongly  
recommended by Hondo people.

Mrs. X. Wantz, Hondo, says: "My  
kidneys were disordered for some  
time. A dull, bearing down pain  
appeared in my back which greatly  
increased until I had to give up. I  
couldn't stoop or straighten without  
severe pain. I saw Doan's Kidney  
Pills advertised at Martin's Drug  
Store. From the start Doan's did me  
good and I gladly recommend them  
to others." (Statement given May  
29, 1915.)

On May 3, 1919, Mrs. Wantz said:  
"I think just as much of Doan's Kid-  
ney Pills today as when I gave my  
former statement. The cure Doan's  
worked then has proven permanent."

Price 60c, at all dealers. Don't  
simply ask for a kidney remedy—  
get Doan's Kidney Pills—the same  
that Mrs. Wantz had. Foster-Mil-

I taught her everything I knew,

And all I'd heard about.

Oh, that was quite a line I threw:

In fact, it made her shout.

And she was all my heart could wish,

She filled me to the brim;

But now she has some other fish,

And does the same for him.

## WITH THE DRILLERS.

The Ina Oil Company's well on the George Schmidt ranch is very much in the limelight just now. The drill in this well has reached a depth of 927 and has penetrated the oil sand only about twelve inches, and oil is very much in evidence, although the production is yet a matter of speculation. A shipment of perforated casing which was ordered proved too small and a test has been delayed pending the arrival of another shipment. As soon as this casing arrives it will be set, the well washed and a thorough test made. The well looks very much like a paying proposition as it now stands. Should the supply fall below what the promoters now think, the drill will again be started and the oil sand penetrated deeper. We understand an expert oil man will be here in a few days and his advice as to what is best to do just now will determine the matter as to the best means of bringing the well in. Samples of oil from this well, while not as yet passed on by an expert, is thought to be a high grade fuel oil,—just what the promoters want.

Whether or not this well proves a producer of pay oil,—which now looks like a certainty,—it is evidence beyond question, of an oil pool in this section. Too much oil is already in evidence to leave a doubt that a field will be located in this section. This well is in good condition and should the production fall below what the promoters expect, can be carried deeper without trouble. This well will be watched for the next few weeks, with great interest, and all hope that to Frank Brown will be due the credit of bringing in the first pay well in his territory.

Fritz Fuchs and Mr. Nalle were here again this week and visited their holdings near Yancey. Mr. Fuchs, who is operating in half a dozen oil fields in Texas, firmly believes in the existence of oil here despite the fact that his well in the Yancey section failed as a paying proposition. We understand he and Mr. Nalle, who was one of the promoters of Nixon No. 1 which was abandoned some time ago on account of bad condition, are contemplating an effort to reclaim the well but we are not advised as to what definite conclusion, if any, has been arrived at. Mr. Fuchs' derrick is still in the Yancey section and should they conclude to attempt the reclaiming of the well but little time would be sacrificed in starting to work. All of our people would be rejoiced to see them again actively interested in this section.

## HUNTER HUNTS OUT UNSPORTSMANLIKE HUNTERS AT MEDINA.

AUSTIN, Tex., June 7.—Since Capt. George D. Hunter took charge as Deputy State Game and Fish Commissioner at Medina Lake last April there have been more convictions for violations of the laws than during the preceding 30 months put together. The office of the justice of the peace at Castroville has become a business office and every Saturday that ancient village by the Medina, takes on the appearance of a county fair. Nobody against whom a complaint has been filed has escaped. "Regular Federal court," they all say.

Names of those who have been arrested, most of them pleading guilty at once, include some of the best known in the State. A dozen or more prominent San Antonians have helped swell the income of Castroville's J. P. and the Medina County officials. Some of them have had the temerity to complain to State Commissioner Boyd and some others, to both Boyd and Governor Neff. Both these officials have answered that the officer who enforces the laws should be, and will be, upheld.

Capt. Hunter paid his first visit to Austin since his appointment Wednesday and received the congratulations of many friends, including the Governor, for the work he has been doing. It is said that the charges that Hunter is rigidly enforcing the law have caused the Governor to remark that he would like to have some more Hunters looking after other kinds of laws.—San Antonio Express.

## THE LUTHERAN CONGREGATION PICNICS.

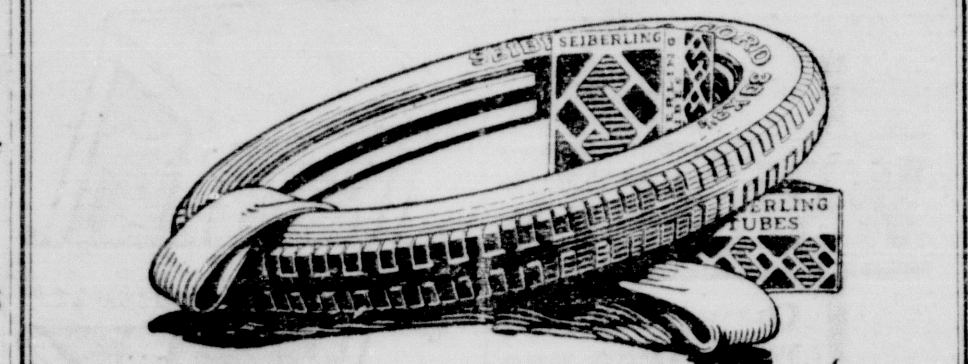

The Picnic of the Hondo Lutheran Congregation at Castroville near the dam last Sunday was favored with ideal summer weather, and the members and guests present enjoyed the outing as well as the Sunday School children. The Ladies' Aid Society of the Church and Rev. Grueber received many compliments for the arrangements made. As last year a big supply of home prepared delicacies was set on a long row of table cloths, spread on the ground under the shade of the big pecan trees, ice tea and coffee was served and later in the day ice-cream. As at last year's picnic dipping inspector Murray was on the ground, there were no ticks noticeable on the spot. Rev. Kralik and family of the Castroville Lutheran Church mingled with the Hondo Picnickers, also.

Adolph Ahr is now manager of the picnic grounds near the dam. He will make improvements, such as building a grand stand for an orchestra, a platform for dances, and is cleaning up the grounds from weeds and small brush to make this spot an inviting and beautiful one. There will be no admission asked and refreshments and lunch can be bought from him.

## BOYS ARM BROKEN.

Roy, the 10-year old son of Mr. and Mrs. Henry Embry was the victim of a "Kick" from a car engine Thursday morning. Roy was attempting to crank the car when the engine back-fired, the crank catching his right arm between the wrist and elbow, breaking it. As the accident happened on North Front Street surgical assistance was immediately available, the injured member "set" and while the boy is in for a period of suffering it is not thought he will suffer any permanent injury as the result of the mishap.

## UNIVERSAL FILMS OLD FAVORITE.

"Human Hearts," Hal Reid's Masterpiece, coming to Airdome.

"Ask Dad—he knows!" There is the flavor of other generations in "Human Hearts," the Universal-Jewel attraction at the Airdome Theatre June 20 and 22, of which so much has been said.

"Human Hearts" is ever timely, yet to parents and grandparents of today it has more meaning than to the younger generation. The younger ones don't know what an influence the old play of "Human Hearts" was in America years ago.

It was the success of a decade. It had more road companies playing at once than any other dramatic piece.

Like all plays of "those days" it is essentially simple, powerful in theme direct in exposition. The picture has been filmed just as the play was staged.

The memories it arouses are pungent. It recalls the life of plainer days, when people were merely "folks" and the pleasures of the day were wholesome and unpretentious. Old homes, old fields, old roads, the crops ripening in late summer suns, the loveliness of girls in white summer dresses, husking-bees, etc.

—[F.F.]—  
AN OUTING.

Saturday was a general day of enjoyment for quite a number of the Dunlay people who motored up to Medina Lake to spend the day. Good eats of all kinds, which, of course, are a part of any picnic, were not lacking. Motor boating and swimming also filled up the day until it was with regret that the happy crowd left for home. Those of the crowd were: Mr. and Mrs. Adolph Haby, Mr. and Mrs. Wm. Burger and son, Mrs. Ida Bischoff and son, Mr. and Mrs. Wm. Brucks, Mr. Lawrence Fritz, Mr. and Mrs. John Zuberbuler and daughter, Miss Agnes Haby and Mr. Albert and Miss Bessie Zuberbuler of Rocksprings who have been visiting relatives in Dunlay for the past ten days.

## THE DURANT CAR.

Aug. E. Weyand has secured the agency for the Durant automobile. The Durant is a medium priced car—selling for \$545 delivered here and bids fair to become a popular vehicle.

In a recent 500-mile race at the Indianapolis Speedway, Durant cars won Second, Third, Fourth, Sixth and Seventh places, the car taking second place making an average of 90.6 miles per hour.

Attention is called to Mr. Weyand's announcements elsewhere. He will be glad to give a demonstration of his new Durant to any interested parties.

In view of the Successes of the past with our Fair and in view of the further fact that the fair is our most available means of developing the community spirit as well as improve conditions of the farm, ranch, home and school, the Community Council wishes to call the attention of the people of the community to the following list of exhibits and special committees or leaders in the different divisions. We hope that every person in the community realizing the potentialities of this enterprise will cooperate in every way to make it a greater success than it was last year or any other years of its existence. It is probable that we will later solicit the merchants of the neighboring towns for merchandise prizes which add interest to the contests.

We are not attempting to make a detailed prize list in this article since this would consume too much space. In most departments we shall follow the same classification as was laid down in the Catalogue and prize list of last year.

## A CLOSE CALL.

Millard, the 10 year old son of Mr. and Mrs. Otto Mumme, and his little three or four year old brother, came near being the victims of a flash of lightning Monday afternoon. Millard and little brother were riding in the pasture when the flash came, killing the horse on which they were riding, somewhat stunning the elder boy, the little fellow escaping without harm. According to the best information obtainable the boys were passing under a telephone wire when the bolt fell. The horse in falling caught Millard under him and held him so firmly that he could not extricate himself. The little boy, young as he was, realized the situation, went for assistance to relieve his brother from his predicament.

It is almost a miracle that both of the brothers were not instantly killed. As it was Millard was somewhat bruised by the horse falling on him, but his injuries were slight, while the younger boy escaped without a scratch.

It was certainly a close call, and everyone rejoices that the boys escaped so luckily.

ROLLIE BLESS,

## DIED.

The sad death of Mrs. Regina Nester (nee Batot), beloved wife of Mr. Valentine Nester, occurred at the family home Sunday June 3, 1923, at 7 p. m. Her death while not wholly unexpected was a severe shock to the community because, while deceased had been indisposed for several weeks her sudden change for the worse came unexpected.

Deceased was one of the real pioneers of this community, her parents having been the first settlers to set foot here and to help found Old D'Hanis.

She was born Jan. 26 1852, when this country was a vast prairie, long before iron rails connected these frontier settlements with the outer world. She saw civilization advance until a modern little town grew on the site of former hay camps. The influence for good which such pioneers as she instilled into the growing generations cannot be under estimated. She has always lived a Christian life being brought up in the Catholic belief of which she was an active member until the time of her death. Besides her husband, six sons, Alfred, Martin, Edwin of this place, William of Hondo, Robt. of Enid, Okla., Hugo of Stillwater Okla., and four daughters Mesdames Ben Zerr and Reilly Carle of this place, Mrs. Wm. Crow of Houston, Jos Du-bray of Fredericksburg and one brother, Mr. Ben Batot, of Bandera, besides a large number of grand children and other relatives survive her.

After services at the Holy Cross Church Wednesday Morning, she was taken to the Catholic cemetery and interred where she now rests in peace.

A large concourse of sorrowing relatives and friends accompanied the remains to their last resting place. Rev. Father Mass performed the last sad rites. The pallbearers were: Messrs Paul Reinhart, Louis Garteiser, Pete Koch Jr., Victor Boog, Joe Koch and Wm. Finger.

The entire community sincerely sympathizes with the bereaved ones in their hour of sorrow but may be consoled by the fact that she is now in the home which was prepared by God for those blessed to be called his children.

May she rest in peace.—D'Hanis Star.

## FROM THE BANDERA NEW ERA.

## ORBITUARY.

DIED—Another of Bandera county's best citizen's has gone to his last reward. Mr. Joe F. Haby, aged 69 years, 3 months and 8 days, died suddenly of heart failure at his home on the Seco, Wednesday noon, May 16, 1923. He was laid to rest in the Seco cemetery the next afternoon. Deceased was born in Medina county, Texas, and came to Bandera county forty-one years ago. He was a successful business man and always kind and charitable to the poor and those in need. He leaves a widow, three daughters, Mrs. Marcus Boultinghouse, Misses Ada and Emma Haby three grandchildren and many near and dear friends to mourn his death.

A Friend.

J. G. Newton and son, Will Ernest Newton, came over from Hondo Monday. Will Ernest will delve into the mysteries of the great art preservative of all arts in the New Era office during the next two months, preparatory to going to New Orleans to enter the Mergenthaler Linotype School. The elder Newton returned to his home at Hondo Monday afternoon.

Misses Rosalie and Thelma Thallman, of China, Texas, spent several days here last week with relatives. They are the daughters of Mr. and Mrs. David Thallman, and were on their way to San Marcos to enter the summer normal.

## MEETING CALLED OFF.

The protracted meeting that was scheduled to begin at the Methodist Church last Sunday has been indefinitely postponed. This was made necessary by serious illness in the family of Rev. Walter H. McKinney, West Texas Conference Evangelist, who was to assist the pastor, Rev. A. M. Foster, of the Methodist Church, in conducting the meeting. The local pastor conducted the services Sunday and Monday, but as Rev. McKinney was uncertain whether or not he could come the meeting was called off Tuesday. As every one knows, Rev. Foster, while not really a sick man, has not been enjoying robust health for sometime, and felt unequal to the task of carrying on the meeting alone. We are not advised as to whether or not the meeting will be held at a later date.

## DEEDS.

The following deeds were placed on record for the week ending June 13th, 1923:

# THE THRICE-A-WEEK EDITION OF THE NEW YORK WORLD IN 1923 AND 1924.

Practically a daily at the Price of a Weekly. No other Newspaper in the World Gives So Much at So Low a Price.

The wide, wide world has become so narrowed by science that news from all around the globe is printed in the current New York World, together with the views of nation builders, master men and leading women everywhere and particularly in the United States. No other newspaper is better equipped to give the news of the world at the time it is news than The New York World.

The Thrice-a-Week edition of The World is the greatest example of comprehensive journalism in America. It will keep you as thoroughly informed as a daily, which would cost five or six times as much. It is a unique newspaper, published three times a week, for \$1 a year. This is the regular subscription price and it pays for 156 newspapers.

We offer this unequalled newspaper and Fletcher's Farming together for one year for \$1.25.

The regular subscription price of the two papers is \$2.00.
